PART II: GENDER EARNINGS GAPS

4 More Schooling, Lower Earnings: Women’s Earnings in Latin America and the Caribbean

What Does the Literature Show? 40
How Do Male and Female Workers Differ? 41
Linkages between Unexplained Gender Earnings Gaps and Macroeconomic, Social, and Governance Indicators 57
How Did Differences between Male and Female Workers Change between Circa 1992 and Circa 2007? 64
Notes 80
References 80

5 The Mostly Unexplained Gender Earnings Gap: Peru 1997–2009

How Do Male and Female Workers Differ? 84
The Role of Individual Characteristics in Explaining the Gender Earnings Gap 89
Exploring the Unexplained Component of the Gender Earnings Gap 92
Changes in Women’s Participation and Unemployment Rates 97
Notes 100
References 100

What Does the Literature Show? 102
Measuring Occupational and Hierarchical Segregation 103
The Role of Individual Characteristics in Explaining the Earnings Gap 105
Notes 112

3.1 Average Years of Education of Men and Women, Born 1940–84, and Education Gender Gap in Labor Force in Latin America and the Caribbean

3.2 Educational Attainment of Men and Women in Labor Force in Latin America and the Caribbean Born 1940–84

3.3 Decomposition of Educational Gender Gap in Latin America and the Caribbean, by Educational Level for Cohorts Born in 1940 and 1984

3.4 Decomposition of Difference in Educational Gender Gap between Youngest and Oldest Cohort in Latin America and the Caribbean, by Educational Level

3.5 Decomposition of Change in Educational Gender Gap in Latin America and the Caribbean, by Educational Level and Country for Cohorts Born 1940–84

3.6 Decomposition of Change in Educational Gender Gap in Latin America and the Caribbean, by Component and Educational Level for Cohorts Born 1940–84

3.7 Decomposition of Changes in Educational Gender Gap in Latin America and the Caribbean, by Component and Country

3.8 School Attendance Rates in Bolivia, Guatemala, Mexico, and Peru, by Gender, Age, and Per Capita Household Income Quintile, Circa 2003

3.9 Average Years of Educational Attainment in Bolivia, Guatemala, Mexico, and Peru, by Gender, Age, and Per Capita Household Income Quintile, Circa 2003

4.1 Decomposition of Gender Earnings Gap in Latin America and the Caribbean, by Country, Circa 2007 after Controlling for Demographic and Job Characteristics

4.2 Confidence Intervals for Unexplained Gender Earnings Gap in Latin America and the Caribbean, after Controlling for Demographic and Job Characteristics, Circa 2007
4.3 Unexplained Gender Earnings Gap in Latin America and the Caribbean, by Percentiles of Earnings Distribution, Circa 2007 56
4.4 Female Employment in Industry versus Unexplained Gender Earnings Gaps, Circa 2007 63
4.5 Female Legislators, Senior Officials, and Managers versus Unexplained Gender Earnings Gaps, Circa 2007 64
4.6 Labor Market Liberalization Index versus Unexplained Gender Earnings Gaps, Circa 2007 65
4.7 Confidence Intervals for Unexplained Gender Earnings Gap in Latin America and the Caribbean after Controlling for Demographic and Job Characteristics, Circa 1992 and 2007 72
4.8 Unexplained Gender Earnings Gap in Latin America and the Caribbean after Controlling for Observable and Job Characteristics, by Percentiles of Earnings Distribution, Circa 1992 and 2007 75
4.9 Confidence Intervals for Unexplained Gender Earnings Gap in Latin America and the Caribbean by Cohort, Circa 1992 and 2007 77
4.10 Confidence Intervals for Original and Unexplained Gender Earnings Gaps in Latin America and the Caribbean by Country, Circa 1992 and 2007 79
5.1 Average Years of Education of Men and Women in Peru’s Labor Force, 1997–2009 87
5.2 Educational Levels of Men and Women in Peru’s Labor Force, 1997–2009 88
5.3 Gender Gap in Hourly Earnings in Peru, 1997–2009 89
5.4 Decomposition of Gender Earnings Gap in Peru after Controlling for Demographic Characteristics, 1997–2009 90
5.5 Decomposition of Gender Earnings Gap in Peru after Controlling for Demographic and Job Characteristics, 1997–2009 91
5.6 Unexplained Gender Earnings Gap in Peru after Controlling for Demographic Characteristics, by Percentiles of Earnings Distribution, 1997–2009 96
5.7 Unexplained Gender Earnings Gap in Peru after Controlling for Demographic and Job Characteristics, by Percentiles of Earnings Distribution, 1997–2009 97
5.8 Confidence Intervals for Unexplained Gender Earnings Gap in Peru after Controlling for Demographic Characteristics, 1997–2009 98
5.9  Confidence Intervals for Unexplained Gender Earnings Gap in Peru after Controlling for Demographic and Job Characteristics, 1997–2009  98
5.11 Unemployment Rates of Men and Women in Peru, 1997–2009  100
6.1  Estimated Counterfactual Duncan Indexes of Occupational Segregation in Mexico, 1994–2004  106
6.2  Estimated Counterfactual Duncan Indexes of Hierarchical Segregation in Mexico, 1994–2004  108
6.3  Estimated Counterfactual Gender Earnings Gaps in Mexico, 1994–2004  109
6.4  Estimated Changes in Gender Earnings Gap as a Result of Changes in Occupational and Hierarchical Segregation in Mexico, 1994–2004  111
7.1  Average Years of Education of Men and Women in Chile's Labor Force, 1992–2009  119
7.2  Percentage of Men and Women in Chile's Labor Force with University Degrees, 1992–2009  119
7.3  Percentage of Men and Women in Chile's Labor Force with Less Than Secondary Education, 1992–2009  120
7.4  Labor Force Participation Rates of Men and Women in Chile, 1992–2009  121
7.5  Unemployment Rates of Men and Women in Chile, 1992–2009  121
7.6  Unemployment Rates of Men and Women in Chile, by Educational Level, 1992–2009  122
7.7  Average Years at Same Job by Men and Women in Chile, 2000–09  123
7.8  Average Weekly Hours Worked by Men and Women in Chile, 1992–2009  124
7.9  Average Weekly Hours Worked by Men and Women in Chile by Educational Level, 1992–2009  124
7.10 Gender Gap in Hourly Earnings in Chile, 1992–2009  126
7.11 Decomposition of Gender Earnings Gap in Chile after Controlling for Demographic and Job Characteristics, 1992–2009  127
7.12 Decomposition of Gender Earnings Gap in Chile after Controlling for Age, Marital Status, Education, and Years in Same Occupation, 2000–09  130
